Heartbeat

Gabriel? But why are you here?
Why are you surprised?

Ah and I think it was strictly prohibited to wear another type of clothes while you were in service
Ugh

L... Let it pass just this one time. I put it on because I had an emergency.
Isn't this the suit which transforms you into a human?
It's... it's that...
Well as I'm not the one in charge of the clothing of the guardian angels I can let it pass but if you keep doing this, you're going to have grave consequences.

Like being locked up forever
You'll be careful, right?
Yes...

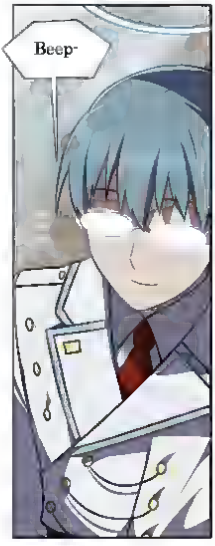
Good

I came here because I wanted to see you, Sophia

...?
Ah, right. Sandal-phon have you heard the news?
Another war will begin
?!

What are you talking about?! A new war?!
Ishtar broke our agreement with hell, so heaven decided to give them another beating

And I'm sure that hell won't just sit around arms crossed waiting for its beating either, they will counterattack too
Also, I think they will do everything necessary to capture Sophia
Sophie? Why...?

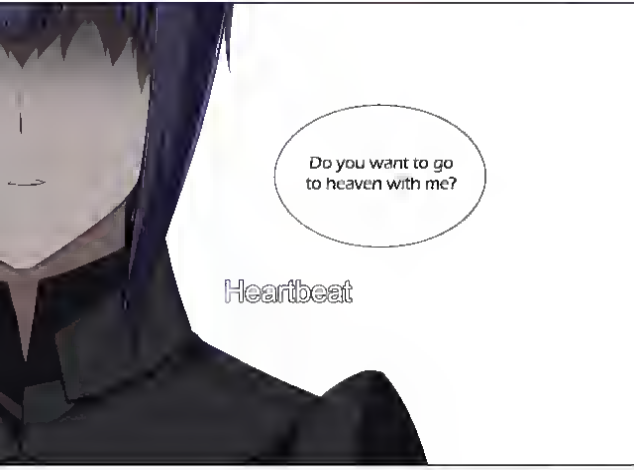


Beep-

Look. I was right, wasn't I?
Yuriel
אוריאל
Commenced the declaration of war.

..But..
With this you're not longer to be able to protect Sophia at 100%
I don't know why Sr. Metatron assigned an angel, who wasn't even able to damage Ishtar and was easily defeated by her...
Stabs
Stabs
But I think he gave him this job because he used to be a great archangel and it would be useful to him

So...
Sophia!
U... Ugh...



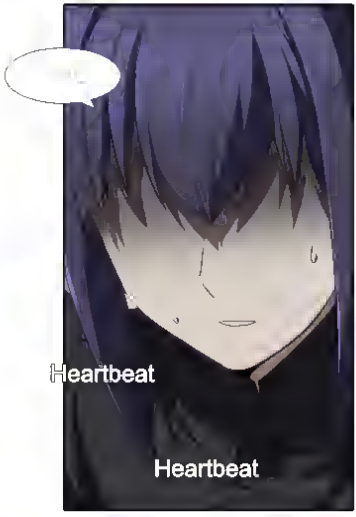
Do you want to go
to heaven with me?
Heartbeat

If you stay there, you're gonna be protected safely
What?!
Not this!!
¿Hm?

Why? If Sophia wants to
Because no! Why are you talking nonsense!
What's with you, Sandalphon? You can still stay on Earth
That's not the problem ..!
What it is then? Is there a reason why Sophia has to stay with you?
And bear the demons' attacks?

...it's that...
This can't be happening! If i lose Sophie now..!
My bet with that guy...
My plans..!!

Sophia, what do you think?
Heartbeat
You've been silent for quite a while



Heartbeat
Heartbeat

Heartbeat

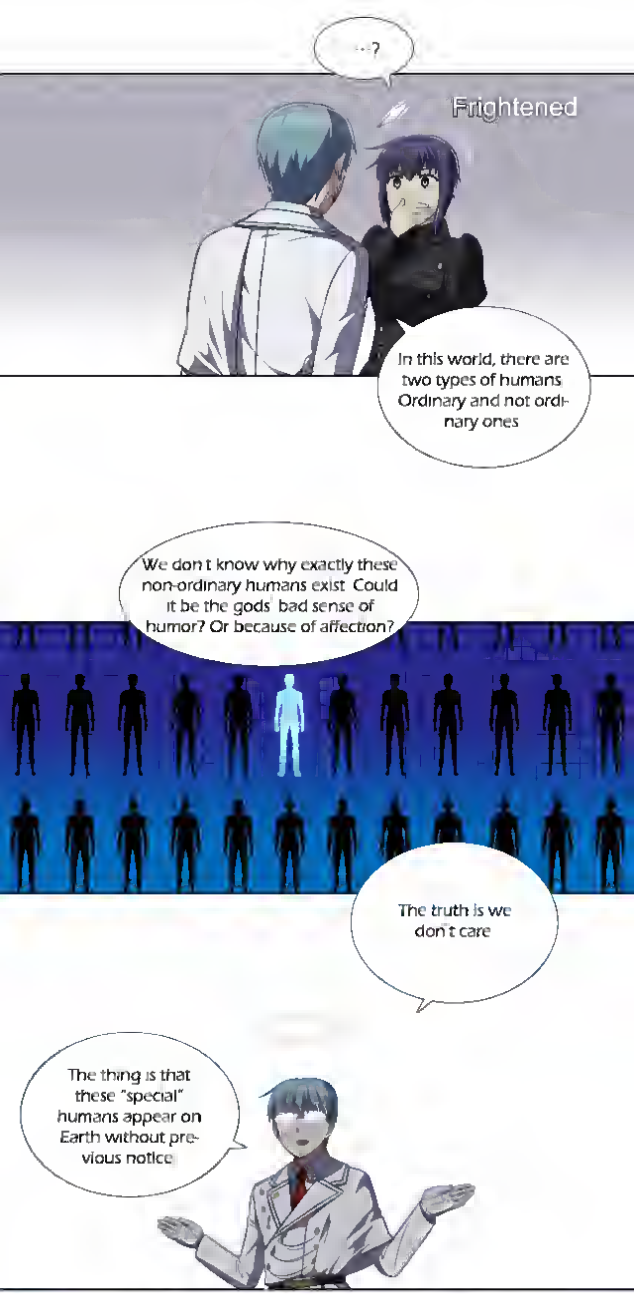
Heartbeat...

I think I'm gonna throw up

Why are you doing this to me?
I'm not hurting you at all with only being able to see you

The truth is that I would love to stop seeing you
And I hate being able to touch you.
Why are you doing this to me?
I wanted to live a quiet life and ignore you !!
Because of you, my life is
Is

Hmm
It seems you still haven t woken up

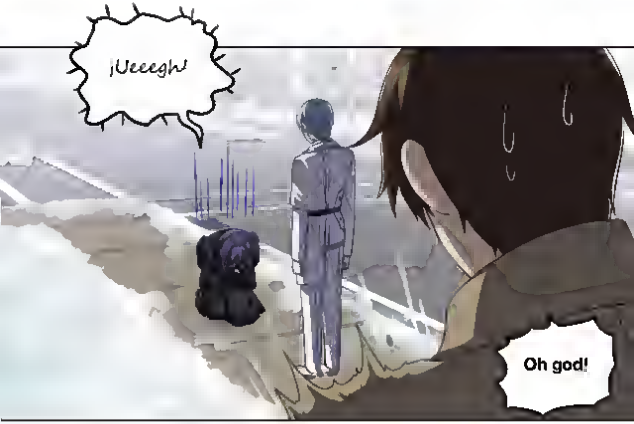


...?
Frightened
In this world, there are two types of humans Ordinary and not ordinary ones
We don't know why exactly these non-ordinary humans exist Could it be the gods bad sense of humor? Or because of affection?
The truth is we don't care
The thing is that these "special" humans appear on Earth without previous notice

And you're one of these "special" humans.
Point
You've come to this world with a very powerful ability which defeats us completely.

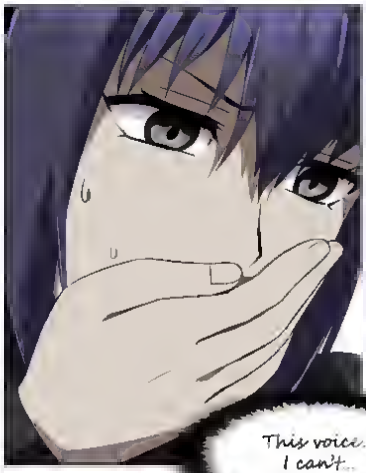
Your power is not to touch and see

You



¡Ueeegh!
Oh god!

Hey! You can't vomit on the street! Hang in there!



This voice...
I can't...
I can't...
